ClayPuzzling.com New Molds Ideal for Glass!

Our reusable clay puzzling molds come in two parts with a Velcro strap. Press clay inside to make unique shapes and add clay coils along the top to make reservoirs to hold glass when fired. Get more great ideas and new designs at our website. These molds are intended for use with moist clay and are not designed for slip-casting methods.

ClayPuzzling.com New Glazes, Tools & Kilns

Our Raku glazes require a raku kiln firing to achieve the coppers and metallic colors you see on the samples shown. They can also be used on clay puzzled shapes and glass. Many times the glass will also pick up the metallic colors. Our new Crystalline Glazes by Mayco require a special firing to achieve frost-like crystal bursts!
